

## SolarInvert Energy Solutions

# Ac/dc energy storage power module

## Overview

---

It is specially designed for bidirectional applications in battery energy storage systems with multiple battery groups in parallel to achieve safety isolation and flexible capacity expansion. It can also be used in retired battery utilization and AC micro grid applications.

## Acadc energy storage power module

### 30kW 1000V Bidirectional ACDC Power Module

It is specially designed for such bidirectional applications as V2G/VPF function EV chargers, retired battery utilization and the micro grid. It also can replace traditional PCS for energy ...
