# Are there any tariffs on Mexican energy storage cabinet exports

## Overview

---

The most significant development has been the announcement of 30% tariffs scheduled to take effect on August 1, 2025, which would apply to all Mexican exports to the United States. Are there any tariff barriers for US exports to Mexico?

Under the United States-Mexico-Canada Agreement (USMCA), there are virtually no tariff barriers for U.S. exports to Mexico, with some exceptions as noted elsewhere in this guide. The USMCA entered into force on July 1, 2020.

What is the tariff rate for imports from Mexico?

The current tariff rate for imports from Mexico is 25%. However, this rate can vary depending on the specific product category and any applicable trade agreements or exceptions. How do Mexico tariffs affect import costs?

Mexico tariffs directly increase the cost of importing goods by 25% of the product value.

Will Mexico retaliate against Trump's tariffs?

Thus far, Mexico has not retaliated against any of the tariffs Trump has imposed. However, Sheinbaum has repeatedly vowed to slap higher tariffs on American goods were Trump to impose higher tariffs on Mexican goods. Goods from Canada, America's second-largest trading partner, have been tariffed at nearly identical rates as Mexico since April.

Does Mexico have a tariff on steel & aluminum?

However, proclamations issued in February and March 2025 eliminate these exemptions. As a result, steel imports from Mexico are now subject to a 25 percent tariff and aluminum imports are subject to a 10 percent tariff, consistent with the treatment of other exporters.

Are Mexico's steel exports at risk from US tariffs?

Industrial sectors such as steel and manufacturing in Mexico are among the most interconnected with the US economy. According to the National Chamber of the Iron and Steel Industry (CANACERO), 75% of Mexican steel exports—valued at approximately \$2.1 billion —are at risk due to these new tariffs.

Does Mexico have a tariff cheat sheet?

If you're considering setting up manufacturing in Mexico —or already knee-deep in the planning—there's one thing you can't afford to ignore: the Mexico-U.S. Tariff Cheat Sheet.
