

## SolarInvert Energy Solutions

# Independent microinverter manufacturer

## Overview

---

Who makes the best microinverter?

NEP in the top 10 micro inverter manufacturers in the world have shipped market leading microinverter and rapid shutdown MLPE products to customers in more than 35 countries. NEP develop cutting-edge clean energy technology and state-of-the-art solar microinverters. Microinverters to save up to 40% on hardware costs.

Who makes Chilicon micro inverters?

Chilicon Power is a micro inverter manufacturers in California, USA. The company mainly promotes 720W inverters, which is higher than the mainstream US microinverters (about 400W) promoted by Enphase. The main inverter products are micro inverter CP-720, micro inverter CP-250E.

What are the major business segments of micro inverter manufacturers?

At present, it has three major business segments: inverter business, environmental electrical appliances business represented by dehumidifiers and heat exchanger business. Now is one of the top 10 micro inverter manufacturers in the world. The traditional business has solidified the foundation, and the inverter business has grown vigorously.

What is micro inverter technology?

With its micro-inverter technology, small string inverter technology and modular power electronic equipment, it has made great achievements in the European and American household markets. Currently, North America accounts for about 70% of the global micro inverter market.

Which micro inverter is better Enphase or Chilicon Power?

The company mainly promotes 720W inverters, which is higher than the mainstream US microinverters (about 400W) promoted by Enphase. The main inverter products are micro inverter CP-720, micro inverter CP-250E. Chilicon

Power in top 10 micro inverter manufacturers in the world, represents the next era of cutting-edge solar microinverter technology.

Who makes SolarBridge microinverters?

However, in the autumn of 2014, SolarBridge was acquired by SunPower Corporation, which is one of the largest solar panel manufacturers in the United States. Because of this, SolarBridge's microinverters are usually paired with SunPower solar panels.

## Independent microinverter manufacturer
