Overview

Does Luxembourg need photovoltaics?

Luxembourg has an ambitious target to increase the share of energy from renewable sources to 25% by 2030. The development of photovoltaics is one of the solutions recommended in Luxembourg's integrated national energy and climate plan (PNEC, Predicted No-Effect Concentration).

How many photovoltaic panels does ArcelorMittal Luxembourg have?

8,600 photovoltaic panels on the roof of its European Logistic Center. - ArcelorMittal Luxembourg 8,600 photovoltaic panels on (.) 8,600 photovoltaic panels on the roof of its European Logistic Center.

How much does a C&I solar project cost in Luxembourg?

Luxembourg has kicked off its second tender for C&I solar projects ranging in size from 30 kW to 5 MW. It is offering rebates of up to €745 (\$835) per kilowatt installed and up to 55% of the total cost of buying and installing systems. Luxembourg has selected 75 solar projects in the nation's first procurement exercise for self-consumption.

Does Luxembourg have a strong export market?

Luxembourg's shipments of electrical machinery and equipment recorded the third-fastest gain in value, up by 14.9%. The severest decliner among Luxembourg's top 10 export categories was for the metals iron and steel, pulled down by a -26.4% year-over-year drop.

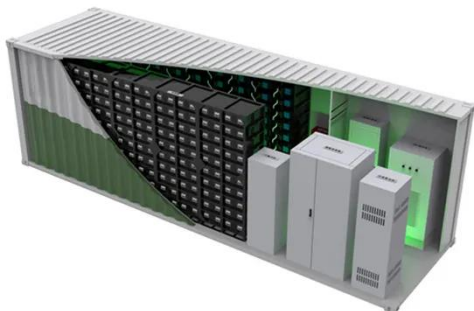

Why is Luxembourg a strong exporter of iron & steel?

Luxembourg has highly positive net exports in the international trade of iron or steel either items made from iron and steel or those metals as materials. In turn, these cashflows indicate Luxembourg's strong competitive advantages under the iron or steel product category.

How much money does Luxembourg make from exports in 2022?

Year over year, Luxembourg's revenues from its exports rose by 2.1% compared to \$16.8 billion in 2022. Based on the average exchange rate for 2023, Luxembourg uses the euro which depreciated by -3.5% against the US dollar since 2019 but appreciated by 2.6% from 2022 to 2023.
