

SolarInvert Energy Solutions

Outdoor power supply can be converted to 12 volts

Overview

How do I use a 12V converter?

To use this 12V converter, connect it to your existing 12V AC low voltage transformer system to power up the 12V DC products in your yard without the need for a 120V AC line. This power supply can power up 65W products, with a working current of 5.42A. The aluminum case ensures low thermal and a long product life.

How to power up 12V DC LED lighting?

This adapter is designed to convert the 11V/12V/13V AC to 12V DC and is popularly used to power up 12V DC landscape lighting, 12V House number lights, 12V LED Strip Lights, and 12V LED Cabinet Lights. If you want to power up your 12V DC LED lighting using your existing 12V AC low voltage landscape lighting system, this converter is the solution.

Which power supply can power a 65W product?

This 12V 65W power supply can power a 65W product, with a working current of 5.42A. The aluminum case provides long product life and low thermal properties. It is also IP67 waterproof, making it suitable for wet, damp, and dry locations, and easy to power up your yard lighting by your outdoor low voltage transformer.

What kind of power supply does a 60W LED light need?

60W IP67 Waterproof LED Power Supply, Universal Input AC100-240VAC with Plug, 12V DC 5A Max. Constant Voltage Output LED Transformer Driver for Outdoor LED Lights Only 2 left in stock - order soon. Only 9 left in stock - order soon.

How can I power a 12V LED cabinet light?

To power up a 12V LED cabinet light, you can use the existing dusk to dawn timer to control the light on/off. If you have a 12V AC low voltage transformer

under the cabinet, install this converter to power up the 12V DC LED cabinet light. It's also easy to power up a 12V LED house number from a 12V AC landscape lighting system.

Can I use a 12V transformer with a 120V yard light?

Wanting to use existing 120 v yard light and use landscape wire with a 12 v transformer. A retailer tells me that is ok. Thanks The store says they have 12v bulbs that screw into a 120v medium base socket. Have you done this conversion ?

Thanks The store says they have 12v bulbs that screw into a 120v medium base socket.
