Photovoltaic panels in Italy

Overview

The growth of solar photovoltaic (PV) installations in Italy has surged significantly, with cumulative installed capacity surpassing the 40 gigawatts (GW) mark as reported in early 2024. In the first half of 2024 alone, Italy added 3.4 GW of new capacity, with 1.6 GW installed in the second quarter.

Photovoltaic panels in Italy

Italy Rooftop Solar Country Profile

While Italy has made significant strides in solar PV installations, additional measures are needed to enhance financing, training programs, and public awareness. Additionally, improvements in ...
