

SolarInvert Energy Solutions

Photovoltaic solar panels in rural areas of the Philippines

Overview

This study investigates local implementation of national energy policies to promote off-grid solar energy in rural areas as demanded under the Philippine Energy Plan (PEP) and with specific reference to the franchise areas of the Lanao del Norte Electric Cooperative (LANECO).

Home Energy Storage (Stackble system)

High Efficiency Easy installation Safe and Reliable Perfect Compatibility

Product Introduction

- Scalable from 10 kWh to 50 kWh
- Self-Consumption Optimization
- Integrated with inverter to avoid the compatibility problem
- LFP battery, safest and long cycle life
- Stackble design, effortless installation
- Capable of High-Powered Emergency Backup and Off-Grid Function

energy future.
